RE: FY 2019 Annual Report Supplier Diversity – Affirmative Marketing Program for Design & Construction and Workforce Reporting

Dear Secretary Heffernan:

Attached please find the FY 2019 report for the Division of Capital Asset Management and Maintenance's (DCAMM) construction and design MBE/WBE program and Workforce Reporting. To contextualize your review of this report, overall construction spending in FY 2019 was down due to significant delays in the passage of the 2018 Capital Bond Bill, now Chapter 113 of the Acts of 2018.

The MBE/WBE program, also known as DCAMM's Affirmative Marketing Program, is established under M.G.L. Chapter 7C, §6, and various Executive Orders and Administrative Bulletins, including Executive Orders 559 and 565 signed by Governor Baker in 2015.

In addition to Chapter 7C, §6, A&F Administrative Bulletins 14 and 17A together set workforce participation benchmarks on state and state-assisted construction contracts. They also specify construction and design data collection and reporting guidelines. Additionally, Bulletin 17A added reporting of Service Disabled Veteran Owned Business Enterprise (SDVOBE) contract expenditures and workforce reporting on each contract.

DCAMM establishes MBE/WBE participation goals on individual design and construction projects based on a statewide disparity study, as well as project-specific considerations, including scope, size, and availability of certain types of firms. The agency's maximum combined MBE/WBE goals are currently 10.4% for construction and 17.9% for design, however these goals may be appropriately adjusted downward based on project specific circumstances. In December 2017, DCAMM completed its most recent Disparity Study. Enhancements to the AMP based on this Disparity Study were announced by the Baker-Polito Administration at a public event held on February 27, 2020. These enhancements were developed with substantial input from industry partners and members of the Black and Latino Caucus.

In FY 2019, MBE and WBE firms received nearly \$36.1 million for construction and design services from DCAMM, resulting in the agency once again surpassing established MBE/WBE program goals for payments to design and construction firms as well as for new contract awards for design and construction services. In FY 2019:

- Payments to MBE/WBE construction firms exceeded goals – achieving 11.6% against the goal of 10.4%
- Payments to MBE/WBE design firms exceeded goals – achieving 37.2% against a goal of 17.9%

- Construction awards to MBE/WBE firms fell short at 7.5% against the goal of 10.4%
The total DCAMM Construction awards for FY 2019 were \$161M and represented a 46% increase over the previous year. It is clear that DCAMM is making progress in getting past the residual effect of the delayed bond bill
- Design Awards to MBE/WBE firms exceeded goals – achieving 34.0% against the goal of 17.9%
- Veteran-owned businesses received over \$7 million in payments in FY 2019

The Commonwealth's established goals for construction workforce participation are 15.3% for minorities and 6.9% for women. On DCAMM's projects, contractor-reported construction worker hours totaled nearly 685,000 hours on active construction projects during FY 2019. Currently, there are no established benchmarks for designer workforce participation on state projects, however professional women working in design comprised a much larger part of the workforce than their female counterparts in the construction trades. The FY 2019

Workforce Report indicates:

- 3.1% of construction hours were worked by women against the goal of 6.9% (unchanged from last year)
- 15.8% of construction hours were worked by minorities (down from 20.1% from last year and exceeding the goal of 15.3%)
- Over 32% of employees that worked on design service projects were women (up from 30% in FY 2018)
- Nearly 23% of employees that worked on design service projects were minorities (up from 19% in FY 2018)

DCAMM is fulfilling its commitment to help minorities and women realize successful careers in the construction industry and has initiated several outreach programs to help create a pipeline of skilled workers to meet the demand for a diverse workforce.

In keeping with Governor Baker's vision of expanding opportunities for MBE/WBE and Veteran-owned firms while simultaneously making Massachusetts more business friendly, DCAMM continues initiatives to expand opportunities and make working with DCAMM easier. These initiatives include:

- Expanding implementation of online contractor certification system
- New web-based contractor and workforce reporting and data collection system for FY 2018/2019
- Ongoing outreach programs to encourage more MBE/WBE and Veteran-owned firms to do business with DCAMM and to encourage minorities and women to enter into construction careers

The attached report provides additional information about these initiatives and DCAMM's Affirmative Marketing Program and workforce tracking results for FY 2019.

Sincerely,

Carol Gladstone

INTRODUCTION AND OVERVIEW OF METHODOLOGY

This report summarizes performance against program goals under the Division of Capital Asset Management and Maintenance (DCAMM) FY 2019 Supplier Diversity – Affirmative Marketing Program for Design and Construction, as well as workforce utilization data compiled for FY 2019 from firms working on DCAMM construction and design projects.

DCAMM has had a program to expand access and opportunity for Minority and Women-owned (MBE/WBE) construction and design firms for several decades. Massachusetts General Law Chapter 7C, §6 and its predecessor legislation originally established programs first for MBE firms, later adding WBE firms. The early program also focused exclusively on construction projects, later expanding to design services and workforce reporting.

In addition to Chapter 7C, §6, A&F Administrative Bulletins established minority and women workforce participation benchmarks on state construction contracts along with construction and design data collection and reporting guidelines for workforce participation. These bulletins also established separate benchmark goals for veteran-owned firm participation in design and construction contracts.

METHODOLOGY: PERFORMANCE AGAINST DESIGN AND CONSTRUCTION MBE/WBE GOALS

DCAMM establishes both its overall annual goal and specific MBE/WBE participation goals for design and construction projects based on a statewide disparity study. Among other things, the study determines the availability of MBE/WBE firms and the extent to which our design and construction marketplace limits participation for these firms. The following are the current goals for DCAMM projects:

<u>Total Contractor Payments to MBE/WBEs</u>	10.4% combined MBE/WBE Participation
Total Contractor Payments All Firms	

<u>Total Design Payments to MBE/WBEs</u>	17.9% combined MBE/WBE Participation
Total Design Payments to All Firms	

The goals set forth above may be reduced or waived by DCAMM prior to bidding based upon several factors including project specifications, size, and scope of work, subcontracting opportunities, MBE/WBE availability, and good faith efforts.

The performance data presented here is based on these calculated ratios across DCAMM's project portfolio. FY 2019 spending and awards data was drawn from a combination of MMARS (the state's official accounting system) and dedicated in-house data sources used to track compliance with the MBE/WBE goals and the Veterans Benchmark (currently at 3%).

METHODOLOGY: BENCHMARKS FOR CONSTRUCTION WORKFORCE PARTICIPATION

A&F Administrative Bulletin 14 establishes the following workforce participation benchmarks on state construction contracts:

<u>Number of Hours Worked by Minority Employees</u>	15.3%
Total Number of Hours Worked by All Employees	

<u>Number of Hours Worked by Female Employees</u>	6.9%
Total Number of Hours Worked by All Employees	

TRACKING DESIGNER WORKFORCE

It is important to note that there are no established benchmarks for designer workforce participation on DCAMM projects; however, the participation of minorities and women as a portion of the total workforce providing services on agency projects are tracked. Reporting requirements on design contracts extend only to the prime firm providing services on the project. Construction workforce reporting extends from general contractor/prime through the lowest tiered subcontractor with labor onsite.

STRENGTHENING MASSACHUSETTS' COMMITMENT TO VETERANS

In 2015, Governor Baker signed Executive Orders (EO) 559 and 565 aimed at reaffirming and strengthening the Commonwealth's commitment to an inclusive marketplace. EO 565 directed the expansion of the statewide Supplier Diversity Program (SDP) to include a new certification category for Veteran-owned Businesses. The combined Veteran-owned and Service-Disabled Veteran-owned benchmark is 3%. DCAMM contracts contain this benchmark, strongly encouraging participation by Veteran-owned businesses. The agency continues to track and report on participation.

IMPLEMENTATION OF DCAMM'S FY 2018 - FY 2019 STRATEGIC PLAN FOR EXPANDING ACCESS AND OPPORTUNITY

Working through Governor Baker's Office of Access and Opportunity, in partnership with the Massachusetts Supplier Diversity Office (SDO) and other state agencies, industry groups, and other stakeholders, DCAMM continues its commitment to improving access and opportunities through a number of ongoing initiatives.

2017 DISPARITY STUDY

DCAMM completed its most recent Disparity Study in December 2017. Significant updates to the AMP program based on the study were announced by the Baker-Polito administration at a public event held on February 27, 2020.

OUTREACH TO CONSTRUCTION AND DESIGN BUSINESSES

DCAMM continues to work across agencies and industry partners to increase engagement and participation of MBE/WBE and Veteran owned firms. In the past year, DCAMM participated in numerous events to increase the awareness of the many opportunities available to work with the agency.

DESIGNER PARTNERSHIP SESSION

In 2019, DCAMM, in conjunction with the Designer Selection Board and the SDO, hosted its first Designer Outreach Partnership Session with outstanding success. DCAMM convened over 150 participants to explore future MBE/WBE partnerships through professional 'speed dating'. DCAMM provided an overview of the current Affirmative Marketing Program and shared important data from the 2017 Disparity Study. Participants expressed overwhelmingly positive feedback, and many made beneficial connections with new partners in the industry.

REALIZE BOSTON

Realize Boston is a collaborative partnership of local and national private and public agencies to support minority and women contractors. The organization prepares them to successfully bid on energy efficiency and energy retrofit projects. This dovetails with the Commonwealth's effort to reduce energy usage and achieve net-zero carbon emissions. Working with Realize Boston, DCAMM's Access & Opportunity team conducted a training sessions week for contractors to increase understanding of the DCAMM certification process. DCAMM's Energy team provided detailed insight on accessing energy projects, as well as an overview of Chapter 25 laws.

DCAMM ONE-ON-ONES

DCAMM provides training on design and construction procurement to MBE/WBE and Veteran contractors, small businesses, and other industry participants interested in becoming DCAMM certified. A keystone of this outreach and training effort are the ongoing DCAMM One-on-Ones. Throughout the Commonwealth, firms meet individually with DCAMM staff to:

- Increase the pool of DCAMM certified contractors
- Educate prospective and existing contractors and vendors on DCAMM's various functions and upcoming opportunities

TARGETED MBE/WBE RECRUITING

DCAMM has targeted a list of 177 MBE/WBE SDO certified contractors that perform work in one or more of the construction categories for which DCAMM certification is available. The list of contractors intentionally includes firms that are not currently DCAMM certified to bid on public projects. The outreach to these firms has included a formal letter, follow up emails, phone calls and meetings focused on educating the contractor on the benefits of a DCAMM Certification and the opportunities to work with the Commonwealth.

OTHER NETWORKING EVENTS

- Mass Gaming Commission - Summit on Diversity
- Massport Means Business Diversity Summit
- Meetings of the Massachusetts Minority Contractor Association
- The Greater New England Minority Development Council Summit 2019

MINORITY AND WOMEN BUSINESS WORKFORCE PROGRAM

DCAMM is committed to finding and creating opportunities to help minorities and women navigate careers in the construction industry. This is a clear “win-win” for workers, industry, and governmental entities. To that end, DCAMM:

- Shares ideas and best practices with public and private entities to build and maintain a diverse workforce on publicly funded projects
- Supports paid internship opportunities that include mentoring and professional development to encourage inner city youth, especially young women of color to explore and pursue careers in construction
- Participates in advisory boards and outreach events designed to recruit and attract high school students, especially girls, to the construction pipeline such as:
 - Massachusetts Apprenticeships
 - Massachusetts Girls in the Trades
 - Building Pathways
 - Youth Build Boston
- Educates prime contractors and designers on their obligations and DCAMM's compliance process, including its electronic MBE/WBE payments, certified payroll and workforce reporting
- Leverages technology to facilitate communication and reporting and improve the quality and quantity of compliance-related data collected
- Sends target mailings to MBE/WBE subcontractors to create access and opportunities on future DCAMM construction and design projects

- Attends agency pre-bid meetings on an ongoing basis to inform Prime contractors of their obligations and commitment to meet MBE and WBE participation goals and Veteran and workforce benchmarks

NEW PERIODIC INFORMATIVE PUBLICATIONS TO SUPPORT CONTRACTORS AND DESIGNERS TO ENHANCE ACCESS AND OPPORTUNITY

COMPLIANCE CORNER

The Compliance Corner are periodical emails sent to inform and update contractors on compliance reporting and changes within the Affirmative Marketing Program. Over a dozen Compliance Corner Publications were sent out in 2019.

TIP SHEET

Tip Sheets are periodical emails sent out to increase contractor awareness of the DCAMM Contractor Management Systems (DCMS) process for contractor certification. There were over a dozen Tip Sheet Publications sent out in 2019.

DCAMM surpassed goals for MBE & WBE construction payments with a total of \$27.9M (or 11.6%) paid out of \$239.6M in total construction spend. Overall total percentages paid to MBE & WBE firms have decreased from 16% in FY 2018 to 11.6 % in FY 2019. Delays in bond authorizations resulted in an overall decrease in total payments to all firms thus MBE & WBE payments were significantly diminished. Over \$7M was paid to veteran-owned firms in FY2019. This significantly increased from \$4.4M in FY 2018.

Note: there were no payments made in FY2019 to Veteran-owned design firms.

With \$8.2M paid out to MBE & WBE Design firms, DCAMM has exceeded its goal. Although the total percentage is slightly down from 42.6% in FY 2018 to 37.2% in FY 2019 the payments to MBE's & WBE's remain strong.

(1) For FY18 two construction firms are certified both Minority and Women-owned. We have counted firms in both their respective M and W categories but deducted them in the total to avoid double-counting.

A total of 182 minority and women or veteran owned firms received payments on DCAMM projects during FY 2019 (see Table 5) compared to 197 in FY 2018.

On the construction side, there were 101 subcontractors participating in addition to 26 primes for a total of 127 firms.

On the design side, there were 55 firms total, with 70% comprised of subcontractor/subconsultants (35) and (20) receiving payments as prime designers.

1 Veteran-Owned firms received payment under DCAMM's construction and design Affirmative Marketing program in FY 2019.

Designers reported a diverse professional workforce during FY 2019 with an increase from 30% in FY 2018 to over 32% in FY 2019. Additionally, minority female representation has increased from 19% in FY2018 to over 21% in FY 2019. Employees of Asian ethnicity reported the largest segment of the total reported minority participation with approximately 65% (Table 7). Overall, during the past fiscal year professional female participation has increased almost 4 times the amount than last year and males more than 3 times the amount. This can be attributed to Designer Workforce training and reporting, aggressive follow-up by the Compliance Officer and concerted effort with other DCAMM business units to encourage reporting. Reported hours for both women and men in design professions have increased substantially over last year as a result increased improved outreach, training, and tracking by DCAMM's compliance team.

Contractors reported approximately 690,000 worker hours on DCAMM construction projects in FY 2019. The data shows 3.1% of construction hours worked by women. This is unchanged from last year. 15.7% of construction hours were worked by minority trades people. This is down from FY 2018, although still meeting the minority goal of 15.3%. Hispanic workforce hours were also down from FY 2018 to FY 2019, but still comprise the largest share of the minority reported hours. It should be noted that there was a substantial decrease in overall construction hours on DCAMM Construction projects during FY 2019. This decrease in available work impacts opportunities for all workers.
